“ *Best big brother in the world. Always there for you, I am so thankful that I had the opportunity to see him, Before he went to be with the Lord, He always had the best car. He always kept it clean. I loved him, and miss His presence As we were always traveling in the military. I was tickled by his dimples. He told me some of his stories being on the ship. And always telling me about how proud he was of Nile and Christopher.*

“ *Uncle Sonny was my mother Natalie Pearson (Berkley) older brother. Growing up we were a military family that traveled often. I had severe allergies as a child and I remember Uncle Sonny teaching me not to sniff all the time, he would say, young ladies need to blow they nose and keep it clean. I'm grateful that I was able to spend some time with him over the past few years and get a chance to meet my husband and see me as an adult. Cousin Chris and Nyle, it's been many years since we've seen each other, I'll be reaching out to you. Love all my family! Prayers to you guys! Niece - LaQuinta Chambers (Pearson)*

“ I don't have to say much. You all knew my father very well, and he made sure of that. Sharing his wisdom, experiences, and out look on life. He taught me the way to move through them streets. He taught me to “watch out”, “pay attention”, and “keep an eye out” and he never stopped enforcing insight ... ya know what I mean.

To this day I will forever move like my father, smooth.

I LOVE YOU PARTNER.

“Are you ok?” “Are you alright?” “Keep your head up and pay attention!” “Stand up and always be a man!”

These are a few phrases that my Dad would tell me and my Lil brother Chris as we grew. As kids growing to young men, it seemed like he never let up on us. He stayed on our backs back EVERYDAY.... but now I know why. He was only preparing us for life's challenges and wanted us to be productive. There are so many people out here that didn't have a FATHER to mold and mentor them. Chris and I did! Words can't explain all the valuable lessons our Dad taught us throughout the years. We are both extremely proud of the part he played in making us men. So I have a few answers for my Dad's phases:

We are ok! We are alright! Our heads are always up and eyes are wide open! finally.....We are two proud men standing tall because of you Dad!

I Love you Dad.....Nyle

P.S. Don't worry, I'm keeping your "Machine" clean!

Well said nephew's! Those words were uttered to me also. He always made sure I had money in my pocket. He was the first person to give me the book "Message to the Black Man" by the Honorable Elijah Muhammad. Hey Chris remember when we saw Sonny at the Javits Center when we went to see Minister Farrakhan speak? If he has a car in heaven trust me he will make sure it's clean...R.I.P. Sonny Berk...

“ Uncle Sonny was my mother’s Nadine L Frierson brother. He was a great man and lived a great life. Proving that family was important and treasured. Tanya and I are forever grateful for him. He loved us when we didn’t have it. He taught us what a real stable life is about and we have not forgotten. Love and blessings to the entire Berkeley, Frierson, Rogers And Pearson families. All of our lost loved ones are reunited in heaven. Grandma Berkeley, Grammy Nancy aka gram cracker because she was so sweet, Aunt Juanita aka Sierra Boot as Grammy called her, Mommy not forgetting all the others we have lost in the past years. Life is short. God bless you Uncle Sonny and thank you for loving us. Love to his boys Nyle and Chris and the Uncle Sonny’s grandchildren. We all we got and my sis Tanya and the children send our deepest condolences. Stay blessed.

“ *My fondest memory of Mr. Nathaniel Berkeley was when I was a little boy. I am best friends with his son Nyle and they were going on vacation. Mr. Berkeley showed me four one thousand dollar bills. He told me if you work hard and smart you can make money like this!*

As I got older I found that to be a true statement because now I work for the New York City Transit. He told me I can call him Sonny. Sonny, Rest Easy Job Well Done!
